

KNOWN ISSUES (TROUBLE-SHOOTING)

Self Repetition:

Abstract art- painting self-same stories

Please do not use program to paint about yourself. Under such conditions the manufacturer of this program cannot guarantee the safety/anonymity/privacy, authenticity or mental health of the user.

The manufacturer cannot be held liable for any illness caused by the use of this product, since it is in the nature of this program that it no longer wishes to determine the outcome of its use.

Logical Impossibilities:

Forcing PAINTtm into what it cannot say, or what it can cannot say (through irony) may result in a very bad headache. We do not advise such actions as we cannot guarantee that resulting works will make any sense, or possess any semblance of relevance to people in general. But if your object is to make no sense, may we advise that you do say so before people view your work.

no sense + sense = sense

Don't Panic:

If somehow the painting program does not seem to work, do not push the P panic button just yet. What you may be experiencing is just Momentary Flux Confusion. Whether or not you choose to play along with your own personal Confusion and follow its train of thought, remains entirely with you. However, as Confusion has never proved a reassuring nor rewarding path, may we be so bold as to suggest that you
